BOOM THE STREET FAIR.

The announcement that the \$20,000 guaranty fund has been pledged to the business men who have been given charge of the Akron Free Carnival and Street Fair, was gratifying news to the people of Akron.

The fact that the Elks' Carnival will be held about six weeks in advance of the Carnival and Street Fair to be given by the merchants and manufacturers is an assurance that there will be no conflict of interests and that both events will be a success.

Few of Akron's people realize the magnitude of the great event that is being planned for their entertainment by the public spirited merchants and manufacturers. While it is yet too early to speak with accuracy of the details, it is not too early to let your friends at home and elsewhere know that the Free Carnival and Street Fair is going to be the biggest affair of the kind ever given in Northern Ohio and that you want them to do all they can in its behalf.

PINGREE TALKS AGAIN.

Trouble is brewing in Michigan. A Washington dispatch quoted Gen. Alger as saying that Governor Pingree was for President McKinley "first, last and all the time." Pingree has replied with the following:

"If General Alger said that, it is his opinion from his point of view. The question whether I am for McKinley lies with the President, not with me. If General Alger knows that the President is opposed to territorial expansion, and is not an advocate of the murders and the destruction being visited upon the innocent Filipinos, he has a right to say that I am for McKinley.

"If General Alger is informed that McKinley is opposed to trust and to legislation which fosters, creates and encourages them, and in favor of legislation to restrict and suppress them, then I am closer to the opinions of McKinley than has generally been believed. If General Alger is assured that President McKinley is not in touch and sympathy with the political methods of Mark Hanna and his friends, and deprecates such leadership, then I am for McKinley. "The question of whether I favor McKinley is of no consequence in this senatorial matter, but I am for McKinley in anything he does which I consider right and against everything which he does which I consider wrong."

If Pingree puts another such strain upon the alliance newly formed with Alger, it may be all off.

SENATOR BURROWS, of Michigan, who got his election to the Senate upon the most approved Hanna plan, has resolved himself into the mouthpiece of the Administration, and is out with an interview to the effect that "Alger will become odious to the people if it is known that he remains in the cabinet against the President's wishes." As Alger had the nerve to hold on to his cabinet position against the combined wishes of nine-tenths of the American people, he will not be greatly disturbed by the "President's wishes."

Temperance Pledge

Was Started by Father Leopold Matthew.

Anniversary Exercises by the Local Society.

Appropriate Celebration at St. Vincent's Hall.

Address Delivered by Rev. J. H. Sheffield.

Fifty years ago Thursday, Father Leopold Matthew, whose name is loved, honored and revered as the pioneer in the temperance movement, founder of its most methodical principles, and indomitable crusader in its interests, arrived at New York from Ireland on his first visit to America. His reception is an event in history. Every brass band available in New York was brought out to assist in honoring his arrival, and during his stay here especial courtesies were shown him by church and nation. Throughout this country anniversaries of his visit are celebrated with appropriate exercises to his memory, and in many places temperance societies bearing his name have been formed.

Under the auspices of the Father Matthew Total Abstinence and Benevolent Society, of Akron, anniversary exercises, commemorative of Father Matthew, were held in St. Vincent hall Thursday evening. The audience assembled was not large, but it was interested in and attentive to the exercises.

Rev. Dr. T. F. Mahar, pastor of the St. Vincent de Paul church, was master of ceremonies. The initial feature of the program was a piano solo by Miss Mary McGarvey, who was followed by Miss Mamie F. Cronan in a vocal solo. "If dreams come true." Dr. Mahar then spoke briefly of the object of the meeting and made some excellent remarks on the temperance question. He spoke of the question as being one on which we can always speak, and of its being a subject on which is always necessary to speak. He urged that each individual in the audience do all they could to eradicate the sin of intemperance wherever found and to discountenance the drinking custom of society.

After the singing of a solo, "Now the day is over," by Miss Nellie May, the principal address of the evening was delivered by Rev. J. H. Sheffield of Barborton, who spoke on the life and work of Father Matthew.

Rev. Sheffield spoke of there being times in modern history when it seemed that a Moses or a Daniel had arisen to lead the people, and how peculiarly apparent it was that Father Matthew was one of these. Speaking biographically, the speaker told of Father Matthew's early days being spent amid the troublesome times when Ireland was struggling for freedom. He was born October 10, 1780. In 1814 he was ordained into the priesthood. Realizing the misery and oppression of the Irish people, and the neglect of morals induced by such, in his early youth Father Matthew seemed cognizant of the fact that he was to be instrumental in leading them to the light, and he began to work quietly, but perseveringly. For several years after his ordination he was not

prominently known, but he was not aiming for worldly renown.

But in April, 1838, he came prominently to the front when at Cork he placed his name at the top of the first pledge on record, and a month later secured the names of 25,000 men under it. Before the year 1838 was ended 256,000 had signed the pledge and Father Matthew was recognized prominently as identified with the temperance movement. His labors increased and many others were enlisted in the work, and then continued that wonderful crusade that brought so much good to Ireland and spread to other countries.

During his visit in this country Father Matthew lectured at many cities and secured thousands of signers to the pledge of total abstinence. He was given a seat in Congress and also in the Senate. He died in Ireland in 1853.

Rev. Sheffield drew from the life of the great man many beautiful and practical lessons. He also spoke of the advisability and necessity of total abstinence to a moral and useful life, and urged his hearers to do all in their power to overcome the liquor power.

The program was concluded with a piano solo by Miss Mary McGarvey.

SHE NOW WALKS

Without Her Crutches and Says a Miracle Was Performed Upon Her.

Mrs. A. Osborne, on Crutches Four Years Is Cured by the Boy Phenomenon in Four Minutes.

The Most Marvelous and Surprising Cure Ever Performed in Akron—She Discards Her Crutches and Walks a Mile to the Buchtel Hotel.

So much has been written concerning the wonderful healing powers of the Boy Phenomenon, and the many marvelous cures he has accomplished in this city in the past three weeks, that to those who reside out of the city it reads like a romance. So surprising have been many of the cures that not only the public, but the medical world stand aghast in utter surprise and bewilderment at a power so potent as to be able to break up congestion in a few moments' time. Scores of chronic diseases that for years have defied the combined skill of the medical world have been brought to his private office at the Buchtel hotel, and in a remarkably short time those who were blind have been made to see, the deaf to hear, the rheumatic and neuralgic pains have disappeared and paralyzed limbs have taken on new life.

One of the most phenomenal cures ever accomplished in this city and one that has created the greatest excitement and caused the medical world to acknowledge the superiority of magnetism over all other methods of treatment, is that of a well-known lady, whose hopeless and pitiable condition the past four years has been well known to many of our citizens. The following statement of facts require no explanation, as it shows the wonderful power magnetism has over diseases which have been pronounced incurable. To the afflicted: Words are inadequate to express my thanks for my sudden restoration. I have been a hopeless and helpless cripple over four years from rheumatism and a stroke of paralysis. I have not taken a step in that time without my crutch. I have only been out of my house three times in four years on account of my crippled condition. The night I was treated on the stage I walked all the way home and did not have a sign of pain since, and to-day done something I have not done in four years, that was to walk from my home at 189 North Walnut st., to the Buchtel Hotel, over a mile, without assistance of any kind. I had tried so many different things that I was almost discouraged in trying to get well, but as a neighbor of mine had been cured of catarrh of the stomach, after all the doctors had failed to help her, I determined to try once more. I am so glad I did, for now I know I am cured for good. When he placed his hands on me the blood seemed to boil up and follow his hands to the end of my toes. I am the happiest woman in the state of Ohio today, and my prayer is that the Boy Phenomenon may live to be 100 years old and retain the power he now has.

Mrs. A. Osborne, 139 N. Walnut st. Those who wish to avail themselves of the presence here of this remarkable healer should lose no time in making an appointment, as his time is being rapidly taken. As the prices for treatment have been greatly reduced, they are now within the reach of all. Office hours at Buchtel Hotel daily from 10 a.m. to 5 p.m. Entrance on Main st.

THE NEW G. P. A.

Called On Akron Employes—But Few Changes Probable.

C. L. Kimball, of Cleveland, assistant general passenger agent of the C. A. & C., was in the city Friday. Mr. Kimball was formerly assistant passenger agent of the Pennsylvania system, but when that company began to assume control of the C. A. & C. he was transferred to a similar position on that line.

Local officials of the C. A. & C. have not heard anything in reference to the purchase of that system by the Pennsylvania, but are aware that changes are being made here and there to indicate that such a deal had been consummated or was about to be. Nearly all the business of the company is being transacted under the direction of the Pennsylvania, and it is thought that within a short time the consummation of the sale will be made known.

Assault Case.

Jacob Benker, the proprietor of a saloon at 624 South Main st., and his bartender, Henry Reed, were arrested at the instance of Jacob P. Whitelaw, a Main st. saloonist, who claims he was assaulted.

M. W. A. LAWN FETE—Several hundred people took advantage of the lawn fete on a vacant lot at the corner of Main and Falor streets, Thursday evening, given by Akron Camp No. 434, Modern Woodmen of America. The lawn was uniquely decorated with Japanese lanterns and burning. Ice cream and cake were served.

OLD AND YOUNG WERE HAPPY—The annual picnic of the German Reformed Sunday school at Randolph park Thursday was a happy affair. A program of sports was given for the children and resulted in much amusement for the old as well as the young. About 600 were present and all report a good sociable time.
